---

Dear Ms. McFadden:

On April 11, 2017, changes made in Regulation Docket No. 49 became effective as provided for in PSC Order No. 9020. In accordance with the Order, Electric Suppliers were to submit revised contracts as well as marketing plans and materials for review. Our records indicate that Agera Energy, LLC is actively providing service to Residential and/or Small Commercial Customers in Delaware and has not submitted the revised contracts and/or marketing plans and materials for review.

Please provide the required documents on or before **Monday, June 19, 2017**. Below is the process for submitting the required documents.

1. All material (revised contracts for residential and small commercial customers and marketing plans and materials) should be submitted under the Company's original Electric Supplier Certification Docket Number listed above.
2. They should be submitted through the Commission's electronic filing system, DelaFile, as a subsequent filing to the docket number. To accomplish this:
  - Sign into your account with your sign in information, click menu, click e-filing, click subsequent filing.
  - In the existing docket number box enter the original certification docket number.
